

FMN B 122plus

The convenient wall-mounted telephone

FMN B 122plus

The convenient wall-mounted telephone

available colours black grey, light grey

adhesive metal cover for digit and function keys

Wall-mountable telephones are the ideal choice for very busy locations. Not just any telephone, but the wall-mounted telephone FMN B 122plus. Because of its compact and pleasing design, it is suitable for any location and any wall. You can attach the phone with two screws, without opening the housing. It is perfect for any location where you need to make calls but where a desk-mounted telephone is unpractical.
