

alpha[®] open air[®]

Rugged wall-mountable telephone for outdoor use

A good many open air festivals have fallen flat due to bad weather. Bad weather, however, is no problem for the rugged and weather-proof telephone **alpha® open air®**.

The **alpha® open air®** is definitely the right choice for multistorey car parks, cab stands, open-air storage places, self-service areas of banks, sports grounds and many other unsupervised or even open-air places.

Mounted on a wall or a mast, in all weathers, rain or shine – telephoning is always possible.
